VOLUNTEER ENERGY COOPERATIVE
ELECTRONIC BANK DRAFT PROGRAM

Volunteer Energy Cooperative (VEC) offers its customers the opportunity to pay their electric bills by signing up on our Bank Draft program. This is a free program.

Customers will receive their bill each month as usual; however, it will indicate "Paid By Bank Draft" on the bill and will be deducted from checking account or card two (2) days before the due date. Customers may withdraw from the program at any time. Volunteer Energy reserves the right to terminate the agreement if the customer's financial institution fails to honor the authorized drafts.

Please fill out the form and return it to your local VEC Office. If you have any questions, call your local office.
